

# The Playclub Project

“Some of the children have come on in leaps and bounds since doing Playclub - it's provided great evidence for Pupil Premium funding.”  
**Headteacher**

Providing fun interactive learning activities to engage parents in raising attainment in phonics, reading, writing, communication and language for EYFS and KS1 children.

This project will help your school/setting to:

- ★ Provide activities which stimulate **communication and language development** at home
- ★ Enable the key person to ‘**engage and support parents/carers** in guiding their children’s development at home’ (requirement of the **EYFS Framework**)
- ★ Engage parents in helping to **raise attainment** for all in the **Year 1 phonics screening check**
- ★ Meet the criteria in the **Ofsted Framework** on ‘helping parents to support their children’s learning’

★ Evidence use of **Pupil Premium funding** by raising achievement in low attaining pupils

This successful sustainable project involves schools and settings loaning a variety of exciting Playclub bags to families every week over 6 weeks, with achievements being recorded and celebrated through a Playclub card and certificate.
